

ScholarHub SSS Commercial Study Guide

Introduction

This guide introduces the major commercial subjects and offers practical tips for success in WAEC, NECO, and future business careers.

Study Advice

Review class notes daily, practice calculations, understand concepts instead of memorizing, and solve past questions.

Economics

Study demand and supply, market structures, inflation, national income, and basic economic systems.

Commerce

Learn trade, banking, insurance, transportation, warehousing, and e-commerce.

Financial Accounting

Master journals, ledgers, trial balance, cash books, depreciation, and final accounts.

Business & Supporting Subjects

Marketing: Product, pricing, promotion, distribution.

Government: Constitution, democracy, elections.

Mathematics: Percentages, ratios, statistics and business calculations.

English: Business letters, comprehension and communication.

Career Paths

Commercial students can pursue Accounting, Banking, Economics, Business Administration, Marketing, Insurance, and Entrepreneurship.

Exam Tips

Practice accounting questions regularly, understand business terms, revise definitions, and manage your examination time effectively.

Motivation

Business knowledge opens doors to leadership and entrepreneurship. Stay disciplined and keep learning with ScholarHub.
